Consumer Sentiment

Consumer Sentiment Index

Consumer sentiment has increased by 167% since its lowest point in July 2008.

The three month moving average consumer sentiment index rose to 106.1 which is the highest it's been since March 2001.

Consumer confidence levels have increased by 10.6% in the year to February 2016.

Strong employment growth and impressive economic performance are driving record levels of consumer sentiment.

These particulars are issued by Bannon on the understanding that any negotiations relating to the property are conducted through them. While every care is taken in preparing them, Bannon, for themselves and for the Vendor/lessor whose agents they are, give notice that: (1) The particulars are set out as a general outline for guiding potential purchasers/tenants and do not constitute any part of an offer or contract. (2) Any representation including description, dimensions, references to condition, permissions or licences for uses or occupation, access and any other details are given in good faith and are believed to be correct, but any intending purchaser or tenant should not rely on them as statements or representations of fact but must satisfy themselves (at their own expense) as to their correctness. (3) Bannon nor any of its employees have any authority to make or give any representation or warranty in relation to the property.
